in december 1979 the ussr s 40th army crossed the border into afghanistan special forces troops the infamous gru spetsnaz and kgb agents had already entered the country and in a fierce gun battle assassinated afghanistan s president hafizullah amin in tajbeg palace so that he could be replaced by rival babrak karmal the official explanation provided to officers non commissioned officers and other ranks of the soviet armed forces was that they were carrying out an international duty in afghanistan what exactly that was none of the

participants knew the reasoning of brezhnev s politburo was that their intervention would bring stability to a country slipping into anarchy as its government failed to deal with political conflict within its own ranks and widespread armed rebellion outside the major urban centres thus began the soviet military intervention that was to last for nearly ten years the soviet war in afghanistan 1979 1989 provides a detailed order of battle for the soviet ground and air forces deployed to afghanistan officially referred to as the limited contingent of soviet forces in afghanistan and a detailed account of every operation undertaken there by the soviet armed forces from december 1979 until february 1989 the work provides details of all the involved units their combat losses and estimates of mujahidin losses this work does not shy away from the commonplace atrocities committed against the afghan population the soviet war in afghanistan 1979 1989 is richly illustrated with original photographs many never published before in the west and the war series signature colour artworks showing the men vehicles and aircraft involved in this conflict this book is an indispensable source of reference for enthusiasts and professionals alike

offers a candid view of a war that played a significant role in the ultimate demise of the soviet union presents analysis absolutely vital to western policymakers as well as to political diplomatic and military historians and anyone interested in russian and soviet history provides insights regarding current and future russian struggles in ethnic conflicts both at and within their borders struggles that could potentially destroy the russian federation

the first english language book to examine the crucial part air power played in the soviet afghan war the soviet union s invasion of afghanistan was fought as much in the air as on the ground from the high level bombing raids that blasted rebel held mountain valleys to the mi 24 helicopter gunships and su 25 jets that accompanied every substantial army operation soviet control of the air was a crucial battlefield asset vital to every aspect of its operations mi 8 helicopters ferried supplies to remote mountain top observation points and took the bodies of fallen soldiers on their last journey home in an12 black tulips but this was not a wholly one sided conflict even before the afghan rebels began to acquire man portable surface to air missiles such as the controversial us stinger they aggressively and imaginatively adapted they learnt new techniques of camouflage and deception set up ambushes against low level attacks and even launched daring raids on airbases to destroy aircraft on the ground featuring information previously unknown in the west such as the soviets combat testing of yak 38 forger naval jump jets soviet expert mark galeotti examines the rebel kabul government and the soviet operation in afghanistan drawing deeply on western and russian sources and including after action analyses from the soviet

military using maps battlescenes and detailed bird s eye views he paints a comprehensive picture of the air war and describes how arguably it was soviet air power that made the difference between defeat for moscow and the subsequent stalemate that they decided to disengage from

in this book us army transportation corps historian richard e killblane utilizes the expertise of professionals with lived experience of synchronizing military transportation from end to end to uniquely explore how military transportation logistics have evolved during the last half of the 20th century and beyond towards greater efficiency

the nearly 50 year history of the mig 21 has many exciting and unpublished topics for both the flight enthusiasm and historians alike one such topic is the ability of the airplane to carry a tactical nuclear bomb even though its official classification was only a fighter aircraft the successful introduction of a specialized version of the mig 21 in the second half of the 1960s progressively expanded the nuclear potential of frontal aviation in the 70s the soviet air force command requirements were to the new type of mig 21 aircraft whether intended for a nuclear or conventional mission will all be technically capable of nuclear bomb delivery at some time after the pfm manufacturing finished in 1969 immediately start to design and develop new modular special equipment for the upcoming type of mig 21 s that widespread the mig 21 family nuclear capability this book tries to summarize all of the valuable information documents and photographic evidence that the author collected in the last 15 years about nuclear carrier mig 21 the publication is focusing on the technical requirements how the airplane became a nuclear carrier how it s operated how their special weapons handled which equipment required for tactical nuclear bomb delivery contain more than 200 photos 3d renders drawings and pictures in addition the illustrations include many unpublished photographs

presents a personal inside look at operation enduring freedom and the international security force in afghanistan

when enemy combatant was first published in the united states in hardcover in 2006 it garnered sensational reviews and its author was featured in the new york times the los angeles times on national public radio and on abc news a second generation british muslim begg had been held by the u s military for more than three years before being released without charge in january of 2005 his memoir is the first published account by a guantánamo detainee of life inside the infamous prison writing in the washington post book world jane mayer described enemy combatant as fascinating begg provides some ideological counterweight to the one sided spin coming from the u s government he writes passionately and

personally stripping readers of the comforting lie that somehow the detainees aren't really like us with emotional attachments intellectual interests and fully developed humanity recommended by the financial times and tikkun magazine and a colorlines editors pick of post 9 11 books enemy combatant is a forcefully told up to the minute political story necessary reading for people on all sides of the issue publishers weekly starred review

publisher description

they were young they were tough and they were everywhere they were both the backyard builders and the frontline troops in australia's war against the taliban this is the powerful story of the sappers the army engineers in afghanistan whose raw courage and skills were inspired by the original australian tunnel rats of the war in vietnam these tunnel rats of afghanistan have rooted out the enemy from deep inside their caves and mountain hideouts have defused thousands of improvised explosive devices the booby traps and landmines of this most recent of wars built bridges and schools to win a war of hearts and minds and fought side by side with special forces commandos and sas troops they too lost a disproportionate number of their comrades and many returned home with the devastating baggage of war post traumatic stress disorder inspiring and action packed this is the story of a special breed of soldier operating in a modern war against an enemy with medieval morals and bombs triggered by mobile phones it is a story that connects the unsung heroes of vietnam with the modern heroes of afghanistan

the constitution and 9 11 provides a comprehensive striking and disturbing analysis of executive misuse of power that is made all the more compelling by placing it in a rich and fascinating historical context no better book is available for placing post 9 11 government actions in the matrix of history and explaining how executive power has degraded the constitution and citizen rights william g weaver back cover

how exactly do you stabilize a country that has been at war for nearly thirty years challenging the chaos is the first book to look at the provincial reconstruction teams the embedded training teams strategic advisory team afghanistan and other little known units that helped the afghan people establish a government after the taliban fell with the historical and political odds stacked against them the men and women of these vital organizations worked shoulder to shoulder with afghans at all levels of society and at great personal risk in a lethal and unforgiving environment their efforts helped stave off another afghan civil war and successfully prevented the taliban from exploiting the chaos left in the wake of their 2001 02 collapse challenging the chaos is a personal story written by a

canadian military historian who observed these efforts as they unfolded in 2004 05 sean maloney takes us on a journey from exotic and poppy laden badkashan province in the north into international intrigue in the capital kabul and then to kandahar province in the south where the threat of ied attacks lay around the corner on a daily basis this work details the operations of the provincial reconstruction teams prts which played a vital role in stabilizing afghanistan after the taliban were removed from power it provides understanding about how the international effort in afghanistan and the enemy has evolved since 2003 so we can succeed in afghanistan afghanistan is not iraq and it is dangerous to template one war onto the other the war in afghanistan is unique as is our response to the insurgency afghanistan its people and its insurgent s needs to be understood on their own terms and not in relationship to the american experience in iraq the united state s closest ally in afghanistan next to the afghan people is canada and canada has played a key role in the effort this goes unrecognized by american politicians and the american people even while canadian soldiers are working fighting and dying alongside american soldiers

moazzam begg is an ordinary man who has endured an extraordinary fate imprisoned for a crime he didn t commit and whose precise nature has never been determined as far as the us government was concerned it was enough to label him an enemy combatant moazzam was arrested in pakistan where he was helping set up education programmes for children in the panic stricken months after the 9 11 attacks he spent three years in prison much of it in solitary confinement and was subjected to over three hundred interrogations death threats and torture witnessing the killings of two detainees he was released early in 2005 without explanation or apology enemy combatant is his riveting story not just an instant classic of incarceration literature it reveals for the first time what it means to be an intelligent engaged muslim living in the west after 9 11 by someone who has recently emerged as an influential voice in the muslim community against both acts of terrorism and the demonising of islam
